Dear "Kobalt Books" Publishers,

Hello friends! My name is Cassidy and I am a 28 year old anarchist and anti-racist activist serving 8 1/2 years under "Ballot Measure 11" (a mandatory sentence law), for shoplifting a pair of socks (really). I'm writing because you've a reputation for being generous and progressive, and I'm hoping you'll be willing to send me some of your titles, which I'd love to add to the library I'm building to help educate and inspire my fellow prisoners. Please know that anything you're able to share will be read and appreciated for years to come, and feel free to contact me with any questions. Thanks so much, and please keep up the great work!
